Facial Treatments 75mins Prices starting from £42

NEW Bio Skin Jetting 15mins £45
(course dependant on clients requirements)

This natural treatment can visibly reduce all wrinkles. Based on the skin's natural capacity to regenerate, this method activates the area immediately under the wrinkle, stimulating the formation of new tissue. This new tissue contains young collagen and elastic fibres, which spread through the wrinkle, acting as a natural alternative to injectable treatments.
